## VM PRAYER SPOTLIGHT

**Karl & Dale Rewa**  
Blue Mound, KS

Blue Mound is on the east side of Kansas, about 30 miles from the state line. About 265 folks live in or near the city. Employment (related mainly to agriculture & farming) is scarce, and those who do work generally commute an average of 35 miles one way. Around town you can still see the old sidewalks in a few places, and here & there the foundation ruins of old homes and out-buildings. While many homes are in good repair, some have been abandoned to the ravages of time. A short drive through town would lead you to believe that once upon a time there was a growing city here.

The Federated Church started as a Baptist church in the 1890s. In the last couple years attendance has been growing, averaging about 60 per week. At one time not long ago, attendance was in the low teens and they were about to close the doors. We do have an after-school kids' program with about 30 coming weekly. We've met many of the parents, yet while they will send the children to church on Wednesday, we seldom see them on Sunday. With some folk it takes a long time to earn the right to be heard. Until then, we will continue to love the people and preach the Word.

We have a number of folks in their 90s who attend regularly. Please pray for the elderly in this community. We have a number of area families who need to bring their children to church. Pray for the families. We have a good relationship with many folks in town. Pray that the gospel will ring true in the ears of many.

### **Key Passages of the Bible**

*And we know that all things work together for good to those who love God, to those who are the called according to His purpose.*

Romans 8:28

The best manuscript evidence of the original Greek records this verse this way: "We know that God causes all things to work together for good." Now, we understand that there is evil, not only in the world, but in us. It isn't saying that all things are good. It says that God causes all things to work together for good. This leads us to the profound element of God's supreme authority and power over all the issues of life to produce out of them His own good purposes. God takes all the contingencies of life, all the choices, all the good, bad, and indifferent things, and weaves them together for ultimately a good purpose. That is the promise that God is giving to those who have been called to salvation. Every suffering, temptation, trial, even every sin, God works together into a tapestry that ultimately is for your good. You might not see it at the time. It's like looking at the back of a Persian rug. It's just a bunch of threads going into chaotic directions. But when you turn it over some day in eternity, you'll see how it all worked together for good.
